2nd October 2019 witnessed the twin celebration of **Gandhi Jayanti** and **Lal Bahadur Shastri Jayanti**. This year marks the 150th birth anniversary of Father of the Nation Mahatma Gandhi. To mark the occasion, the **KVRRC** Family joined the GoI initiative 'Fit India Plogging\* Run'. Preparations for the same were made on a huge scale. The program was inaugurated by The Chief Guest **Brigadier Rajiv Puri(VSM)** with the garlanding of the statue of Gandhiji and Shastriji. The Chief Guest flagged off the 'Fit India Plogging Run'. It was a commendable sight to see a congregation of 100-parents, 10 alumni & the Vidyalaya students who jogged and collected a total of 29 kg of plastic litter during the run.

Greeting everybody on the occasion **the Principal, RC Pandey** congratulated them for being a part of the Fit India Plogging Run. He said that the enthusiasm of all students and parents to join in the initiative towards a fitter, cleaner country is praiseworthy and encouraging. He said that the father of the nation is being remembered in the right spirit and plogging is the fittest tribute to him and his vision.

\*Plogging is a recreational activity, originating in Sweden, that combines jogging with picking up litter .

The 47th Jawaharlal Nehru National Science, Mathematics and Environment Exhibition (JNNSMEE) 2020 was put up on the 23rd of Oct, 2019 in the Vidyalaya premises. The objective was to inculcate a scientific attitude and research-mindedness. The exhibition was inaugurated by the Principal, **Mr. R.C. Pandey**. The exhibits were based on different subthemes viz-Resource Management, Industrial Management, Cleanliness and Health etc. The Hon. Principal appreciated the motive of this exhibition and said that such events provide an opportunity to the students to display innovation in Science and apply their scientific and mathematical abilities to solve various economic and social problems in the world.

## The vigilance Awareness week

The Vigilance Awareness Week is observed every year across India to promote integrity in public life and achieve a corruption free society. KV RRC Fatehgarh observed the Vigilance Awareness Week from 28th October to 2<sup>nd</sup> November, 2019 to bring social awareness among the students. The theme for this year was ‘**Integrity—A way of life**’. A special assembly was conducted to sensitize students about the various wrong practices and how one should be vigilant. Several competitions were organised at different levels to create awareness on vigilance in public life. A poster making competition for classes VI to VIII and Elocution competition for classes IX and X was conducted.

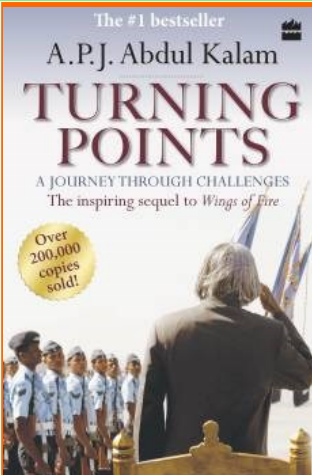

The 'Rashtriya Ekta Diwas' (National Unity Day) was celebrated in the Vidyalaya on 31st October 2019 to commemorate the 144th birth anniversary of [Sardar Vallabhbhai Patel](#), the first Home Minister of free India. The proceedings of the day began with the garlanding of the portrait of Sardar Vallabhbhai Patel by Hon. Principal [Mr. R.C. Pandey](#). This was followed by a formal address by [Mr. R.K Shukla](#), PGT (History).

Paying glowing tributes to Sardar Vallabhbhai Patel on the occasion, the Principal said that it was due to the efforts of the Iron Man of India the country was integrated as one entity in the years following India's independence. The Government of India introduced this program in 2014 with the aim of paying a fitting tribute to the great man, Sardar Vallabhbhai Patel, on his birth anniversary by remembering his extraordinary work of unifying the various states and riyasats existing in the country into one unified Republic of India.

"A Book Talk "on (**Turning Points**) by Hon. A.P.J. Abdul Kalam was conducted at vidyalaya Library. The objective was to add value to the books children read and also create an environment for cultivating a habit in reading more books. One student was selected from each class to read out the book, to the rest of the class. The students enjoyed this activity as they got to listen and also had a discussion regarding the book that was read to them.

## Book Exhibition

Book Exhibition on Dr A.P.J Kalam

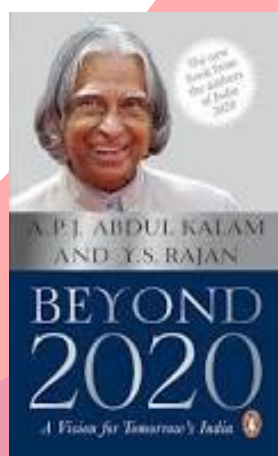

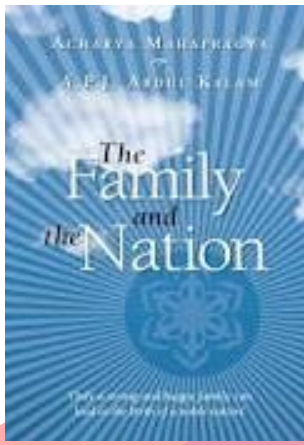

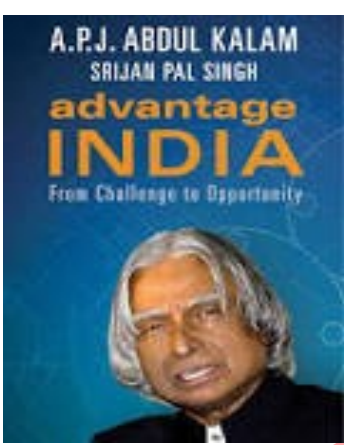

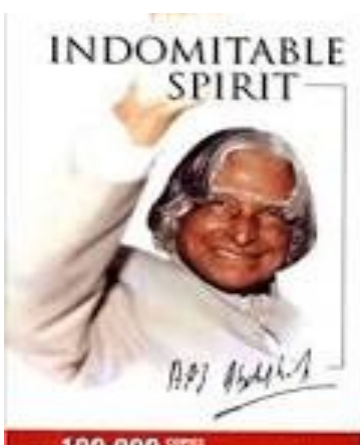

## A Tribute To Hon. A P J Abdul Kalam !

**Hon. A.P.J. Abdul Kalam**, (born October 15, 1931, Rameswaram, India—died July 27, 2015, Shillong), Indian scientist and politician who played a leading role in the development of India's missile and nuclear weapons programs.

He was president of India from 2002 to 2007. He earned a degree in aeronautical engineering from the Madras Institute of Technology and in 1958 joined the Defence Research and Development Organisation (DRDO). He soon moved to the Indian Space Research Organisation, where he was project director of the SLV-III, India's first indigenously designed and produced satellite launch vehicle. Re-joining DRDO in 1982, Kalam planned the program that produced a number of successful missiles, which helped earned him the nickname "Missile Man." From 1992 to 1997 he was scientific adviser to the defense minister, and he later served as principal scientific adviser (1999–2001) to the government with the rank of cabinet minister. His prominent role in the country's 1998 nuclear weapons

tests established he as a national hero, although the tests caused great concern in the international community. In 1998 he put forward a countrywide plan called Technology Vision 2020, which he described as a road map for transforming India from a less-developed to a developed society in 20 years. The plan called for, among other measures, increasing agricultural productivity, emphasizing technology as a vehicle for economic growth, and widening access to health care and education. In 2002 India's ruling National Democratic Alliance (NDA) put forward Kalam to succeed outgoing President Kocheril Raman Narayanan. He was nominated by the Hindu nationalist (Hindutva) NDA even though he was Muslim, and his stature and popular appeal were such that even the main opposition party, the Indian National Congress, also proposed his candidacy. Kalam easily won the election and was sworn in as India's 11th president, a largely ceremonial post, in July 2002. He remained committed to using science and technology to transform India into a developed country. In

The **DEAR** program continues to encourage the students to **Drop Everything And Read (DEAR)**. The program has been successfully leading the students towards the wonderful world of books and kindling in their hearts a love for reading.

## BOOK REVIEW

Name of the Book :- *Horrid Henry's Crazy Ketchup*  
 Name of the writer :- Francesca Simon  
 Illustrated by :- Tony Ross

There are 4 stories. All stories are interesting. A Horrid Henry story book utterly wicked and totally brilliant. These 4 stories to make you ache with laughter. The best story is "Horrid Henry's Crazy Ketchup." The character of Henry is crazy and fabulous because he also enjoys his punishment and teases his brother, Peter all time. Every character of this book is very funny and amazing. And its cartoon pictures are so nice. It is more interesting to read his book with cartoon pictures. It enhances everyone's interest to read it. That's why I like this book very much.
